

Design a Dairy Cow Habitat

CURRICULUM CONNECTIONS (GRADE 4)

GRADE 4 SCIENCE

Cluster 1: Habitats and Communities	
4-1-02	Recognize that each plant and animal depends on a specific habitat to meet its needs.
4-1-03	Identify the components of an animal habitat. Include: food, water, living space, cover/shelter.
4-1-12	Use the design process to construct a model of a local or regional habitat and its associated populations of plants and animals.
